

Board of Directors Manual

Welcome to the Board of Directors for the Santa Rosa Kids' House! We are very pleased to have you join our team, and look forward to sharing in a rewarding term. We have an eclectic board with new and veteran members who value our mission: "To deliver a well-coordinated and multi-disciplined response to child abuse in an environment that puts the needs of the children first."

Child advocacy is both a challenging and rewarding field, especially today. Including in this manual under the "Strategies & Talking Points" section, you will find important information on child abuse, child advocacy centers, and legislative talking points. This information will be useful when talking about child advocacy to those who are not actively involved in the system. Unfortunately, child abuse exists in every community, even though it is not apparent. We need your help to spread awareness, and raise funds to continue to operate and provide services to these vulnerable children.

Our meetings are held once each month; day determined by board vote. Included in this manual is a complete contact list of board members; please feel free to contact others with questions, or the Executive Director, whose contact information is also listed.
